OBJECTIVE:

FULL STACK DEVELOPER

PROFILE:

Full Stack Developer with a proven track record of building high-quality, user-centric web and mobile applications across eCommerce, corporate, and training platforms. Skilled in modern front-end frameworks such as React.js and Next.js, and experienced in back-end development with Node.js, Express, and MongoDB. Proficient in mobile app development using React Native, and well-versed in TypeScript, version control with Git, and deploying scalable cloud infrastructure using AWS and Terraform. Adept at delivering responsive, SEO-optimized, and GDPR-compliant applications, as well as crafting tailored CMS solutions with WordPress, Drupal, and Sitecore. Known for translating complex UI/UX designs into intuitive user experiences and leading cross-functional development to drive impactful digital solutions aligned with business objectives.

EXPERIENCE:

FULLSTACK DEVELOPER | PT PEMERINTAHAN TERBUKA TECHNOLOGY

Oct 2020–Now

Key Achievements:

- Architected a scalable eCommerce marketplace using React.js, Redux, Node.js, TypeScript, and MongoDB, improving both performance and user engagement.
- Implemented server-side rendering with Next.js, increasing SEO effectiveness and boosting organic traffic by 40%.
- Translated UI/UX designs into pixel-perfect, fully responsive web applications, ensuring a seamless user experience across devices.
- Automated cloud infrastructure provisioning and deployment using Terraform on AWS, significantly improving deployment reliability and scalability.
- Strengthened API security and GDPR compliance, reducing system vulnerabilities and aligning with modern data protection standards.
- Developed custom WordPress plugins and REST API integrations, delivering tailored solutions aligned with stakeholder needs and business goals.

FRONTEND DEVELOPER | TIRIAN PTY AUSTRALIA

Feb 2016–Sep 2020

Key Contributions:

- Developed interactive training programs with React.js, Node.js, Express.js, and MongoDB, resulting in major improvements in performance and engagement.
- Designed and deployed engaging user experiences for flagship coaching & training programs, contributing to a measurable increase in client engagement.
- Built custom Drupal and WordPress websites to represent brand offerings, receiving positive acclaim from both clients and stakeholders.
- Set new benchmarks in corporate coaching website design, with deliverables recognized for both aesthetic and functional excellence.

FRONTEND WEB DEVELOPER | BULLSEYE DIGITAL AGENCY BALI / AUSTRALIA

Apr 2012–Jan
2016

Contributions:

- Voyages Indigenous Tourism Australia (ayersrockresort.com.au, voyages.com.au): Lead frontend developer for responsive websites using Sitecore CMS.
- NSW North West Rail Link (nwrail.transport.nsw.gov.au): Delivered a mobile-first responsive site using Kentico CMS.
- Jeld-Wen Australia (jeld-wen.com.au + brand sites): Developed corporate and brand-specific websites using Sitecore CMS.
- Blackmores Australia: Contributed to multiple web and email projects for brands like "More to Explore" and "Blackmores Institute" using Sitecore CMS.
- Steadfast and Bayer's Better Choices: Key team member and lead developer on corporate websites built with Sitecore and Drupal CMS.

EDUCATION:

BACHELOR DEGREE IN ENGINEERING, BANDUNG INSTITUTE OF TECHNOLOGY (ITB), BANDUNG
